After June 10th would be better for me. Also, Cynthia, I consulted with the NCEJN board regarding a visit from the EPA contingent of the IWG, and they'd like to schedule a meeting with other NCEJN stakeholders when your group is already in town. Basically, the board was concerned with having you come all this way for a May 18th meeting and there not being sufficient community representation to have warranted your travel. So, back to the drawing board on a date, but there is definitely strong interest in it happening soon.
